

# Zip HydroTap

## All-in-One Arc

**FILTERED: BOILING CHILLED**  
**UNFILTERED: HOT & COLD**

The world's most advanced drinking water system, the HydroTap Arc All-in-One delivers a choice of instant filtered boiling and chilled water with unfiltered hot and cold water for washing up. From a single tap and under counter command centre, the Arc All-in-One dispenses only the purest tasting water, filtered to a market-leading 0.2 micron - 25 times more effective than a standard water filter jug. To prioritise user safety in the workplace, the HydroTap doesn't splash or spit when dispensing water, and features two boiling water safety modes and a cool to touch tap. What's more, the HydroTap Arc All-in-One features superior technology to conserve water while saving energy and time.

Actual product may vary slightly depending on functionality.

## Features and benefits

### Advanced filtration

Zip MicroPurity™ filters remove particles larger than 0.2 micron, such as dirt, lead and microplastics, as well as 97% of chlorine and 99.9% of microbiological cysts, providing pure-tasting drinking water.

### Environmentally conscious operation

The HydroTap boasts a range of eco-friendly functionalities, including water conserving air cooling technology, the use of zero-impact refrigerant gas R290 and energy saving sleep modes.

### Unique user-safety options

The Zip HydroTap is designed with safety in mind, with boiling isolation, cool touch tap and safety lock features. The boiling point is factory set to 98 degrees celsius, to avoid spluttering steam.

### Enhanced hygiene

The 5th generation HydroTap command centre has SteriTouch® embedded throughout the water path. This reduces surface bacteria by 99.99% providing extra protection.

## Product detail

---

### Specification type

---

Product code	H57705Z01UK
Product name	HydroTap G5 Arc All-in-One boiling chilled 240/175 plus hot & cold (mains) brushed chrome for work

---

### Capacity, weights & dimensions

---

Water functions	Boiling, Chilled
Boosted boiling capacity	240 Cups per hour
Chilled capacity	175 Glasses per hour
Unit dimension (W x D x H)	500mm x 490-520mm x 373mm
Product weight - empty / full	28kg / 33kg

---

### Plumbing

---

Wholesome water inlet supply required	Hot & Cold Feed
Supply pressure range	1.7bar - 5bar
Supply connection (hot & cold)	1 x isolated 1/2" BSP BSP fitting (flexible supply hoses included)
Installation	Must comply with current water supply regulations

---

The minimum water pressure will vary if a limescale filter is installed. Please contact us to discuss your requirements.

### Electrical

---

Command centre power rating	2.13 kW @ 230V AC
Booster power rating	2.2 kW @ 230V
Voltage supply	13 amps
Power supply requirements	2 x 13amp socket outlet
Cable length	1.8m fitted with UK standard 3-pin plug
Installation	Must comply with current IEE regulations

---

## Tap design

Style	HydroTap All-in-One Arc
Finish	Brushed Chrome
Installation hole cut size	50mm
Rotation	180 degree
Disability options	No
Country of Origin	Australia

## Command centre

Factory temperature boiling	98°C
Factory temperature chilled	6-10°C
Filtration	0.2 Micron Filter Cartridge
Flow rate	4 l/min
Wholesome water supply requirements	Hot & Cold Feed
Refrigerant	R290
Tank material	Stainless Steel
Country of origin	Australia

## Tap installation

## Under-counter unit installation

Clearance space required  
for under counter unit
