

CRXLC Landlord Wireless Controller

Consort Claudgen's RXLC Landlord Control Heating System is an ideal heating system for student accommodation, hotels, or anywhere where a central control unit is required to control the temperature of all heaters in a building or rooms.

It consists of an MRXLC controller and one or more CRXLC controllers connected to Consort's RX heaters. Room occupants can temporarily adjust the room temperature on the CRXLC for a predetermined length of time before the CRXLC reverts to the programmed temperature.

- Mains or battery powered
- Open window detection
- Allows user to temporarily increase or decrease the room temperature
- Can control multiple heaters in a room
- Large backlit LCD display for easy reading
- Stylish and sleek modern design

Dimensions (mm):
